BNP Paribas Prime Brokerage, Inc.
(An indirectly wholly owned subsidiary of BNP PARIBAS)
Notes to the Statement of Financial Condition (Unaudited)
As of June 30, 2016
(in thousands)

1. Organization and Nature of Business

BNP Paribas Prime Brokerage, Inc. (the “Company” or “PBI”) is a wholly owned subsidiary of BNP Paribas North America, Inc. (“BNPPNA”), the ultimate parent of which is BNP PARIBAS (“BNPP”).

The Company is registered as a broker-dealer with the Securities and Exchange Commission (“SEC”) under the Securities Exchange Act of 1934. PBI is also registered as a futures commission merchant (“FCM”) with the Commodity Futures Trading Commission (“CFTC”), under the Commodity Exchange Act. In addition, the Company is a member of the Financial Industry Regulatory Authority (“FINRA”), the New York Stock Exchange (“NYSE”), the New York Mercantile Exchange (“NYMEX”), the National Futures Association (“NFA”) and the ICE Futures US & ICE Futures Europe (“ICE”) and various other commodity exchanges. The Company provides prime brokerage and FCM services. Prime brokerage services include secured financing, securities settlement, custody, capital introduction, and securities lending to hedge funds, investment companies, affiliates and others. FCM services include commodity clearing and execution services to various institutional customers, including affiliates.

2. Significant Accounting Policies

Basis of Presentation and Use of Estimates

The preparation of the Statement of Financial Condition in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at June 30, 2016, as well as the reported amounts of revenues and expenses during the year then ended. Significant estimates include the anticipated recovery of a deferred tax asset. Actual results could differ materially from such estimates included in the financial statements.

Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments not held for resale with original maturities of three months or less. The Company has all cash on deposit with major money center banks. Cash and cash equivalents are carried at cost, which approximates fair value.

Cash Deposited with Clearing Organizations, Cash and Securities Segregated Under Federal and Other Regulations

The Company is required by its primary regulators, including the SEC and CFTC, to segregate cash and qualified securities to satisfy rules regarding the protection of customer assets.

Securities and Commodities Transactions

Securities transactions are recorded on the trade date. Securities owned are recorded at fair value in accordance with the Accounting Standards Codification (“ASC”) 820-10 “Fair Value Measurements.” Customers’ securities transactions are reported on the settlement date with related commission revenue and expense reported on the trade date. Customers’ commodity transactions are reported on the trade date.

BNP Paribas Prime Brokerage, Inc.
(An indirectly wholly owned subsidiary of BNP PARIBAS)
Notes to the Statement of Financial Condition (Unaudited)
As of June 30, 2016
(in thousands)

4

Repurchase Agreements

Securities sold under agreements to repurchase (“repo”) are treated as collateralized financing transactions and are carried at their contracted price amounts plus accrued interest. The Company monitors the fair value of repo collateral on a daily basis with additional collateral obtained or returned, as necessary.

Securities Borrowing and Lending Activities

Securities borrowed and securities loaned are recorded at the amount of cash collateral advanced or received, respectively. Securities borrowed transactions require the Company to deposit cash or similar collateral with the lender. With respect to securities loaned, the Company receives collateral in the form of cash in an amount generally in excess of the fair value of securities loaned. The Company monitors the fair value of securities borrowed or securities loaned on a daily basis with additional collateral obtained or returned, as necessary. Interest receivable or payable on such transactions is accrued and included in the Statement of Financial Condition in Other assets or Accrued expenses and other liabilities, respectively.

Short-Term Borrowings

The company obtains short-term financing on an overnight basis and term basis under one year by borrowing from an affiliate using an unsecured loan facility. The principal and accrued interest associated with these borrowings is recorded in the Statement of Financial Condition.

Exchange Memberships

Exchange memberships that are required by the Company to conduct its clearance and execution activities are recorded at cost, less any adjustments for permanent impairments and are included in Other assets in the Statement of Financial Condition.

Securities Received as Collateral and Obligation to Return Securities Received as Collateral

The Company additionally receives securities as collateral in connection with certain securities for securities transactions in which the Company is the lender. In instances where the Company is permitted to sell or repledge these securities, the Company reports the fair value of the collateral received and the related obligation to return the collateral in the Statement of Financial Condition.

Foreign Currencies

The Company’s functional base currency is U.S. dollar. At June 30, 2016, the Company has assets and liabilities balances denominated in foreign currencies which are translated at closing exchange rates at June 30, 2016.

Securities Received from Customers and Affiliates

Securities received from customers and affiliates in lieu of cash margin are not reflected in the Statement of Financial Condition as the Company does not own such securities and they may only be sold or hypothecated to the extent the Company requires the equivalent funds to meet regulatory or counterparty requirements.

BNP Paribas Prime Brokerage, Inc.
(An indirectly wholly owned subsidiary of BNP PARIBAS)
Notes to the Statement of Financial Condition (Unaudited)
As of June 30, 2016
(in thousands)

Receivables and Payables with Customers

Customer receivables and payables represent amounts due from/to customers, primarily related to margin balances, unsettled commodities activity and cash deposits, and are reported net by customer. The Company does not include in the Statement of Financial Condition the securities owned by customers or the securities sold short by customers.

Receivables and Payables with Brokers, Dealers and Clearing Organizations

Receivables and payables with brokers, dealers and clearing organizations represent amounts due from/to brokers, dealers, exchanges, clearing organizations, clearing brokers and non-customers, and are reported net by counterparty when the right of offset exists.

Property, Equipment and Leasehold Improvements

Property and equipment are depreciated on a straight-line basis over their estimated useful lives ranging from 3 to 10 years. Acquired software costs are amortized based on straight-line amortization over the estimated economic life, generally 3 to 5 years. Leasehold improvements are amortized over the shorter of the economic useful life of the asset or the remaining term of the lease. Property, equipment and leasehold equipment are recorded in Other assets in the Statement of Financial Condition.

Income Taxes

The Company's results of operations are included in the consolidated federal and certain state tax returns of BNP Paribas USA Inc. ("BNPPUSA"), a U.S. holding company whose ultimate parent is BNPP. The Company computes its tax liability as if it was filing a tax return on a modified separate company basis and settles such liability with BNPPUSA pursuant to a tax sharing policy. To the extent the Company generates tax benefits from losses, it will be reimbursed by BNPPUSA pursuant to a tax sharing policy at the time when the Company would be able to utilize these losses on a stand-alone basis. (See Note 9)

The Company records an income tax provision equal to the total current and deferred tax provision / benefit which would have been calculated if the Company had filed on a stand-alone basis. The method is systematic, rational and consistent with the broad provisions of ASC 740 "Income Taxes."

Deferred tax assets and liabilities are recognized for temporary differences between the financial reporting and the tax basis of the Company's assets and liabilities. Valuation allowances are established, if necessary, to reduce deferred tax assets to the amount that more likely than not will be realized. The Company's tax assets and liabilities are presented as a component of Other assets or Accrued expenses and other liabilities in the Statement of Financial Condition.

Uncertain tax positions are evaluated using a comprehensive model for the financial statement recognition, measurement, presentation and disclosure of income tax uncertainties with respect to positions taken or expected to be taken in income tax returns.

Accrued interest and penalties are included in Accrued expenses and other liabilities in the Statement of Financial Condition.

Fair Value Measurement – Definition and Hierarchy

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Company utilizes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

ASC 820 “*Fair Value Measurements*” established a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company’s assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that the company has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 instruments.

Level 2 – Valuations based on quoted prices in markets that are not active or for model level 1 valuations which all significant inputs are observable, either directly or indirectly. Observable inputs other than quoted prices for the asset or liability (e.g. interest rates and yield curves observable at commonly quoted intervals, volatilities, prepayment speeds, loss severities, credit risks, and default rates).

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The Company uses market quotes for pricing its securities owned and securities segregated under federal and other regulations.

Recent Accounting Developments

In May 2014, the FASB issued Accounting Standards Update No. 2014-09, “Revenue from Contracts with Customers” (“ASU 2014-09”), as amended in March 2016 by FASB Accounting Standards Update 2016-08, “Principal versus Agent Considerations” (“ASU 2016-08”), in April 2016 by FASB Accounting Standards Update 2016-10, “Identifying Performance Obligations and Licensing” (“ASU 2016-10”), and in May 2016 by FASB Accounting Standards Update 2016-12, “Narrow-Scope Improvements and Practical Expedients” (“ASU 2016-12”), which supersedes or replaces nearly all GAAP revenue recognition guidance. The new guidance establishes a new control-based revenue recognition model, changes the basis for deciding when revenue is recognized over time or at a point in time and will expand disclosures about revenue. The Company is currently assessing the impact of ASU 2014-09, as amended, and does not anticipate a material impact on its financial statements from adopting this standard. In July 2015, the FASB issued Accounting Standards Update 2015-14, “Deferral of the Effective Date,” which deferred the effective date of ASU 2014-09. ASU 2014-09, as amended by ASU 2015-14, ASU 2016-08,

BNP Paribas Prime Brokerage, Inc.
(An indirectly wholly owned subsidiary of BNP PARIBAS)
Notes to the Statement of Financial Condition (Unaudited)
As of June 30, 2016
(in thousands)

ASU 2016-10, and ASU 2016-12, is now effective for annual reporting periods beginning after December 15, 2017 and interim periods within those years, with early adoption permitted for annual reporting periods beginning after December 15, 2016 and interim periods within those years.

In January 2016, the FASB issued Accounting Standards Update No. 2016-01, "Financial Instruments-Recognition and Measurement of Financial Assets and Financial Liabilities" ("ASU 2016-01"). ASU 2016-01 requires all equity investments to be measured at fair value with changes in the fair value recognized through net income (other than those accounted for under the equity method of accounting or those that result in consolidation of the investee). This guidance is effective for fiscal years beginning after December 15, 2017. The Company is currently evaluating the impact that the adoption of ASU 2016-01 will have on its financial statements.

3. Securities Financing

The Company enters into repurchase agreements, securities borrowed and securities loaned transactions to, among other things, acquire securities to cover short positions and settle other securities obligations, to accommodate customers' needs and to finance the Company's inventory positions. The Company manages credit exposure arising from such transactions by, in appropriate circumstances, entering into collateral agreements with counterparties that provide the Company, in the event of a counterparty default (such as bankruptcy or a counterparty's failure to pay or perform), the right to liquidate and setoff collateral against the amount owed by the counterparty. The Company's policy is generally to take possession of securities borrowed, and to receive securities and cash posted as collateral (with rights of rehypothecation), although in certain cases the Company may agree for such collateral to be posted to a third party custodian under a tri-party arrangement that enables the Company to take control of such collateral in the event of a counterparty default. The Company also monitors the fair value of the underlying securities as compared with the related receivable or payable, including accrued interest, and, as necessary, requests additional collateral as provided under the applicable agreement to ensure such transactions are adequately collateralized.

As of June 30, 2016, the liabilities for Securities sold under agreements to repurchase and Securities loaned disaggregated by class of collateral pledged and by remaining contractual maturity of the agreements.

	Securities sold under agreements to repurchase	Securities loaned	Total
U.S. Government securities	\$ 84	\$ 661,175	\$ 661,259
Corporate debt instruments	1,108,761	734,794	1,843,555
Equities	1,885,848	4,833,389	6,719,237

9

6. Liabilities Subordinated to the Claims of General Creditors

The Company has subordinated loan agreements outstanding totaling \$1,866,000 at June 30, 2016, which consist of:

Rollover Date	Affiliated Lender	Rate	Amount
June 30, 2018	BNPPNA	3M LIBOR + 170 Basis Points	\$ 1,600,000
January 31, 2018	BNPPNA	BNPP Internal Borrowing Rate	230,000
September 30, 2018	BNPPNA	3M LIBOR + 60 Basis Points	20,000
September 30, 2018	BNPPNA	3M LIBOR + 60 Basis Points	16,000
			<u>\$ 1,866,000</u>

All agreements covering the subordinated loans have been approved by the FINRA and Chicago Mercantile Exchange (“CME”), and are therefore available in computing net capital pursuant to the Uniform Net Capital Rule (“Rule 15c3-1”) under the Securities Exchange Act of 1934 and Regulation 1.17 under the Commodity Exchange Act (“the Act”). The loans allow for prepayment of all or any part of the obligation at the option of the Company, and upon receipt of prior written approval of the FINRA and CME. To the extent that the loans are required for the Company’s continued compliance with net capital requirements, they may not be repaid.

The subordinated loan agreements have automatic annual rollover extensions with regard to maturity dates. The FINRA requires more than six months advance notification of intent to not extend the maturity of a subordinated loan agreement. The Company made two repayments of \$500,000 each on its subordinated borrowing from BNPPUSA on January 29, 2016 and March 23, 2016.

7. Deferred Compensation

BNPP sponsors numerous deferred compensation plans. Employees of the Company with annual discretionary bonus awards in excess of a certain fixed amount as defined by BNPP will receive a portion of such excess amount in units according to the specific award provisions of each plan.

In 2012, BNPP established three new plans: (a) DCS 2013 Plan; (b) DCS Plus 2013; and (c) KCDP CIB 2013 Plan. All three plans are liability awards with grant dates in February 2013. Units are awarded based on the average closing price of BNPP shares over a specified period. The vesting of DCS Plus 2013 Plan is subject to fulfillment of specified performance conditions. The remaining two plans vest based on the fulfillment of service conditions. The vesting and payment periods for DCS 2013 Plan and DCS Plus 2013 are March of 2014, 2015 and 2016 for cash deferred portions and September of 2014, 2015 and 2016 for cash-indexed deferred. The vesting and payment periods for KCDP CIB 2013 Plan are June of 2014, 2015 and 2016 for both cash deferred and cash-indexed deferred portions.

BNP Paribas Prime Brokerage, Inc.
(An indirectly wholly owned subsidiary of BNP PARIBAS)
Notes to the Statement of Financial Condition (Unaudited)
As of June 30, 2016
(in thousands)

In 2012, BNPP established a buyout plan, Buy out 2013. The value of the unvested and forfeited awards under deferred compensation arrangements from former employer is divided equally between Cash Buy Out and Cash Index Buy out. The remaining plans vest based on the fulfillment of service conditions. The vesting and payment periods for Buy Out 2013 Plan are June of 2014, 2015 and 2016.

In 2013, BNPP established three new plans: (a) DCS 2014 Plan; (b) DCS Plus 2014; and (c) KCDP CIB 2014 Plan. All three plans are liability awards with grant dates in February 2014. Units are awarded based on the average closing price of BNPP shares over a specified period. The vesting of DCS Plus 2014 is subject to fulfillment of specified performance conditions. The remaining two plans vest based on the fulfillment of service conditions. The vesting and payment periods for DCS 2014 Plan and DCS Plus 2014 are March of 2015, 2016 and 2017 for cash deferred portions and September of 2015, 2016 and 2017 for cash-indexed deferred. The vesting and payment periods for KCDP CIB 2014 Plan are June of 2015, 2016 and 2017 for both cash deferred and cash-indexed deferred portions.

In 2014, BNPP established three new plans: (a) DCS 2015 Plan; (b) DCS Plus 2015; and (c) KCDP CIB 2015 Plan. All three plans are liability awards with grant dates in February 2015. Units are awarded based on the average closing price of BNPP shares over a specified period. The vesting of DCS Plus 2015 is subject to fulfillment of specified performance conditions. The remaining two plans vest based on the fulfillment of service conditions. The vesting and payment periods for DCS 2015 Plan and DCS Plus 2015 are March of 2016, 2017 and 2018 for cash deferred portions and September of 2016, 2017 and 2018 for cash-indexed deferred. The vesting and payment periods for KCDP CIB 2015 Plan are June of 2016, 2017 and 2018 for both cash deferred and cash-indexed deferred portions.

In 2015, BNPP established four new plans: (a) DCS 2016 Plan; (b) DCS Plus 2016; (c) KCDP CIB 2016 Plan; (d) US RDP 2016. All four plans are liability awards with grant dates in February 2016. Units are awarded based on the average closing price of BNPP shares over a specified period. The vesting of DCS Plus 2016 is subject to fulfillment of specified performance conditions. The remaining two plans vest based on the fulfillment of service conditions. The vesting and payment periods for DCS 2016 Plan and DCS Plus 2016 are March of 2017, 2018 and 2019 for cash deferred portions and September of 2016 (upfront), 2017, 2018 and 2019 for cash-indexed deferred. The vesting and payment periods for KCDP CIB 2016 plan and US RDP 2016 plan are June of 2017, 2018 and 2019 for both cash deferred and cash-indexed deferred portions.

In addition, BNPP allows certain employees to defer up to 100% of their bonus through a voluntary deferred compensation plan. The assets of the Plan are owned by BNPP and recorded as an asset with an offsetting liability to the individual employees.

8. Employee Benefit Plans

Substantially all employees of BNPP and its affiliates in the United States of America, who meet certain age and tenure requirements, are covered under various benefit plans in which PBI participates. The plans include a funded noncontributory defined benefit plan - BNPP Pension Plan, supplemental executive retirement plans and a defined contribution 401(k) plan. The assets of the defined benefit plan are principally invested in fixed income and equity securities, held by a third-party trustee and managed by third party investment advisors.

On July 26, 2011, the BNPP Pension/401(k) Committee voted to freeze the defined benefit pension plan for individuals hired before December 31, 2000. Participants will no longer accrue benefits for service after December 31, 2011. Effective January 1, 2012, these participants were enrolled under a defined contribution 401(k) plan.

9. Income Taxes

The Company is a member of a consolidated group for U.S. federal income tax purposes and a member of multiple combined group tax return filings for state and local income tax purposes. Federal and state income taxes as well as benefits for federal and state net operating losses ("NOL") are allocated based on a formal tax sharing agreement between the Company and BNPPUSA. All current balances will be settled by Company with BNPPUSA.

The tax sharing agreement in place for the U.S. consolidated group outlines the arrangements amongst the members with respect to federal taxes and is consistent with the applicable federal tax consolidation rules governing the tax sharing agreement. It outlines the allocation amongst the members of the consolidated federal tax liabilities (where there is consolidated taxable income for an income year).

Even though the company is a member included in the consolidated tax return BNPPUSA, the current tax expense recorded in the financial statement is calculated based on the company's hypothetical stand-alone current year return in accordance with ASC 740, Income Taxes ("ASC 740"). After computing its current tax payable or refund, the company provides deferred taxes on its temporary differences and on any carryforward that it would claim on its hypothetical return.

The difference between the Company's federal statutory and effective tax rates is due to the amortization of goodwill, dividend factoring basis disallowance, non-deductible meals and entertainment, and state and local taxes. The amortization of goodwill reflected on the Company's income taxes arises as the result of an election made under Internal Revenue Code Section 338(h)(10) upon acquisition.

The resulting tax payable or benefit receivable of the Company is periodically settled with BNPPUSA. At June 30, 2016, the Company's current tax payable to BNPPUSA of \$24,513 was included in Accrued expenses and other liabilities in the Statement of Financial Condition. The Company made tax payments of \$245 to BNPPUSA during 2016.

BNP Paribas Prime Brokerage, Inc.
(An indirectly wholly owned subsidiary of BNP PARIBAS)
Notes to the Statement of Financial Condition (Unaudited)
As of June 30, 2016
(in thousands)

At June 30, 2016, the Company's net deferred tax asset of \$86,343 is comprised of \$86,343 of deferred tax assets and \$0 of deferred tax liabilities; however, this net asset is offset by a full valuation allowance. The net deferred tax asset, before its valuation allowance, is due to differences between tax basis of assets and liabilities and their respective financial reporting amounts ("temporary differences") arising primarily from differences in the timing of the recognition of expenses for deferred compensation and cash bonuses, depreciation of property, equipment and leasehold improvements, transfer pricing fees, and net operating losses. The net deferred tax asset was included in Accrued expenses and other liabilities in the Statement of Financial Condition.

The Company has recorded a valuation allowance of \$86,343 against the entire deferred tax asset as management believes that it is more likely than not that the benefit related to the deferred tax asset will not be realized in the future. The cumulative tax loss generated by the Company, which represents the most material item within its net deferred tax asset, is the result of pre-tax book losses plus the impact of permanent differences such as goodwill amortization and the dividend factoring basis disallowance mentioned above. In order to reverse this item, the Company would need to generate taxable income which could then be offset by these losses, however, this seems unlikely in the near future due to the expected longevity of the activities that are generating the negative permanent differences. It is expected that the Company will be liable for NYS and NYC tax on a minimum tax basis.

As of June 30, 2016, the Company has recorded accrued interest relating to unrecognized tax benefits of \$1,995 in the Statement of Financial Condition. This reserve for tax audit risk on uncertain tax benefit was previously recorded on Commodity Futures, Inc. ("CFI") and transferred to the Company through the 2011 merger transaction.

The Company has recorded a Federal NOL carryforward of \$212,286, a NYS post-apportioned NOL carryforward of \$41,232 and a NYC post-apportioned NOL carryforward of \$41,738 as of June 30, 2016, on a stand-alone basis, which may be utilized through 2036. Members of the U.S. consolidated group that generate a current NOL contribute such loss against the U.S. consolidated group's income tax liability to the extent members of the U.S. consolidated group contributed taxable income. The loss member will be due an amount equal to the loss that has been utilized to offset taxable income in accordance with the terms of the tax sharing agreement.

The Company's settlement of its deferred tax assets related to NOL carryforwards is based on the utilization of the tax losses by BNPPUSA and other group members and when the Company generates taxable profits. The settlement of the tax accounts between the Company and BNPPUSA are in line with the terms of the tax sharing agreement.

As of June 30, 2016, PBI's open tax years potentially subject to examination by the Internal Revenue Service ("IRS"), with respect to historical CFI tax returns are 2007, 2008, 2009 and 2010. For NYS and NYC, the open tax year is 2010. On a stand-alone basis, the Company or PBI, prior to its merger with CFI, has open tax years subject to examination by the IRS for the short period October 1, 2008 – December 31, 2008, 2009 and 2010, and for New York State and City the open year is 2010. The newly merged Company is subject to potential examination in all jurisdictions in 2011, 2012, 2013, 2014 and 2015.

BNP Paribas Prime Brokerage, Inc.
(An indirectly wholly owned subsidiary of BNP PARIBAS)
Notes to the Statement of Financial Condition (Unaudited)
As of June 30, 2016
(in thousands)

As of a result of the examinations, the entire amount of the unrecognized tax benefits (including interest) could be impacted within the next twelve months. However, as of June 30, 2016, Management has evaluated the Company's tax positions and determined that the only uncertain tax position required to be recognized by Company relates to the methodology applied to the investment income and expense allocations reported on the NYS and NYC tax returns.

10. Transactions with Related Parties

The Company engages in various transactions with BNPP and its affiliates. These transactions include financing agreements and operational support.

At June 30, 2016, assets and liabilities with related parties consist of:

Assets

Cash and cash equivalents	\$	5,869
Cash deposited with clearing organizations or securities segregated under federal and other regulations		325,823
Securities borrowed		1,154,872
Receivable from brokers, dealers, and clearing organizations		2,527,778
Securities received as collateral		50,420
Receivable from customers		2,400
Other assets		37,238
Total Assets	\$	4,104,400

Liabilities

Securities loaned	\$	2,495,161

---	----	-----------

At June 30, 2016, the Company has an unsecured line of credit with BNPP. Borrowings under this line of credit bear a rate of the London Interbank Offered Rate ("LIBOR"), plus a nominal interest rate. The maximum borrowing under these arrangements is \$4,550,000. At the discretion of the lender, the borrowings can be increased up to \$12,000,000. The total amount borrowed at June 30, 2016 was \$577,304 and is included in Short-term borrowings.

BNP Paribas Prime Brokerage, Inc.
(An indirectly wholly owned subsidiary of BNP PARIBAS)
Notes to the Statement of Financial Condition (Unaudited)
As of June 30, 2016
(in thousands)

At June 30, 2016, the Company has a revolving loan facility of \$100,000 with BNP Paribas CC Inc. The total amount drawn at June 30, 2016 was \$65,000 and is included in Short-term borrowings.

The Company is a party to numerous transfer pricing agreements and service level agreements with its affiliates. Due to the nature of these agreements, the Company could experience a significant impact on its Statement of Financial Condition. Beginning in 2015, a new cost plus methodology was adopted through a Service Level Agreement (SLA) with a newly created Irish affiliate, BNP Paribas Prime Brokerage International Limited (“PBIL”), as a result of the transfer of US activities conducted by the Company in an agency capacity for PBIL. PBIL will be viewed as a permanent establishment (“PE”) in the US, as a result of the Company’s agency activities. The Company is receiving a fee-based compensation at cost plus a mark-up through the SLA with PBIL. Effective 2016, this US PE SLA approach was expanded for agency activities conducted for other BNPP affiliates outside the US, where the Company is receiving a fee-based compensation on a cost plus a mark-up basis. The Company continues to be a party to transfer pricing agreements associated with its principal activities.

The Company has a parental guarantee arrangement which was updated and expanded to cover all obligations of the entity, which includes not just transfer price true ups but other expense accrual true ups including bonuses and allocation expenses. At June 30, 2016, a prepayment of the parental guarantee from BNPPUSA of \$1,107 was included in Other assets in the Statement of Financial Condition. Accrued expenses and other liabilities at June 30, 2016 include blanket guarantee fee payable of \$25 and interest payable to affiliates of \$12,655.

At June 30, 2016, the SLA receivable with PBIL of \$2,446 and the SLA receivable related to the expanded US PE SLA approach of \$3,765 were included in Other assets in the Statement of Financial Condition. The intercompany transfer pricing receivables covered by the local arrangement of \$778 was included in Other assets in the Statement of Financial Condition.

The Company has entered into an Agency & Common Paymaster agreement with BNPPUSA, whereby BNPPUSA is the paying agent for the Company’s operating expenses, and the Company will reimburse BNPPUSA for such expenses paid. The company had a payable of \$44,440 to BNPPUSA and other affiliates for cost and revenue sharing agreements and other general expenses, which is included in Accrued expenses and other liabilities.

BNP Paribas Arbitrage SNC, acting through its US Branch (“BNPPA-US”), provides services on behalf of the Company to facilitate the Exchange Traded Fund financing business between BNPPA-US, BNP Paribas Prime Brokerage International Limited (“PBL”), BNP Paribas New York Branch (“NYB”) and the Company. Revenues earned by the Company are shared with BNPPA-US in the amount equal to fifty percent of the net revenue generated by the Company. At June 30, 2016, the Company has accrued \$1,285 shared revenue payable to BNPPA-US and is included in Accrued expenses and other liabilities. The Company settles with BNPPA-US on a periodic basis.

11. Pledged Assets, Commitments and Contingencies

At June 30, 2016, the Company had financial instruments received as collateral with a fair value of approximately \$33,175,916, of which \$16,959,990 have been either pledged or otherwise transferred to others in connection with the Company's financing activities or to satisfy commitments under customer short sales.

The Company is required to maintain deposits with various clearing organizations and exchanges. At June 30, 2016, the Company has cash deposits of \$1,259,925 and securities of \$314,755 to satisfy such requirements. The Company has pledged \$2,203,642 of securities as collateral under tri-party agreements, which cannot be resold or pledged by the counterparty or by the agent holding the security.

The Company has one outstanding letter of credit issued by a third-party bank in the amount of \$30,000, which is posted at a clearing organization to satisfy various collateral requirements. The Company is contingently liable for this letter of credit which is used in lieu of depositing cash or securities. As of June 30, 2016, the Company had not drawn upon the letter of credit.

Certain customers have credit facility agreements for collateralized borrowings with the Company in accordance with internal margin guidelines. As of June 30, 2016, the Company had commitments of \$5,441,541 related to credit facilities of which \$551,311 were not drawn.

The Company is a member of several exchanges and clearinghouses. Under the membership agreements, members are generally required to guarantee the performance of other members. Additionally, if a member becomes unable to satisfy its obligations to the clearinghouse, other members would be required to meet shortfalls. To mitigate these performance risks, the exchanges and clearinghouses often require members to post collateral as well as meet certain minimum financial standards. The Company's maximum potential liability under these arrangements cannot be quantified. However, the potential for the Company to be required to make payments under these arrangements is remote. Accordingly, no contingent liability is recorded in the Statement of Financial Condition for these arrangements.

The Company, in the normal course of business, has been named as defendant in various legal proceedings. In view of the inherent difficulty of predicting the outcome of legal matters, particularly where the claimants seek very large indeterminate damages or where the cases present novel legal theories or involve a large number of parties, the Company cannot state with confidence what the eventual outcome of the pending matters will be. Based upon its current knowledge after consultation with counsel, the outcome of legal actions, proceedings and investigations currently pending against the Company could have a material adverse effect on the Company's financial statements.

12. Net Capital Requirements

As a registered broker-dealer, the Company is subject to the Uniform Net Capital Rule under the Securities Exchange Act of 1934. The Company has elected to compute its net capital using the alternative method, which requires the maintenance of minimum net capital equal to the greater of \$1,500 or 2% of aggregate debit balances arising from customer transactions, as defined.

BNP Paribas Prime Brokerage, Inc.
(An indirectly wholly owned subsidiary of BNP PARIBAS)
Notes to the Statement of Financial Condition (Unaudited)
As of June 30, 2016
(in thousands)

As a registered futures commission merchant, the Company is subject to the Minimum Financial Requirements Rule pursuant to Regulation 1.17 under the Commodity Exchange Act, which requires the maintenance of minimum net capital, as defined, equal to the greater of 8% of the total customer risk margin requirements plus 8% of the total non-customer risk margin requirements required to be segregated pursuant to the Commodity Exchange Act.

At June 30, 2016, the 8% of the total customer risk margin requirement methodology produced the greater net capital requirement. The Company had net capital of \$2,148,112, which was \$1,926,385 in excess of its required net capital.

13. Cash Deposited and Securities Segregated under Federal and Other Regulations

As a registered broker-dealer, the Company is subject to the Customer Protection Rule (“Rule 15c3-3”) under the Securities Exchange Act of 1934. Rule 15c3-3 requires the deposit of cash, cash equivalents and/or qualified securities, as defined, in a special reserve account for the exclusive benefit of customers.

As of June 30, 2016, the Company made a computation related to Rule 15c3-3 and was not required to maintain a balance in this account. At June 30, 2016, the Company had segregated cash of \$100,053.

As of June 30, 2016, the Company made a computation related to the reserve requirement for Proprietary Accounts of Brokers (“PAB”) and was not required to maintain a balance in this account. The Company had segregated cash of \$50,026 at June 30, 2016.

The Company is subject to Section 4d(2) and Regulation 30.7 under the Commodity Exchange Act (“CEA”), which requires an FCM to segregate or secure money, securities, funds and property related to customers’ regulated commodity futures accounts in a special bank account for the exclusive benefit of customers.

As of June 30, 2016, the Company made a segregation computation related to Section 4d(2) and was required to maintain a balance of \$2,451,200 in this account. The total amount segregated was \$2,760,077 which consisted of segregated cash of \$314,113, deposits at clearing organizations of \$1,221,212 and funds and property related to customers’ regulated commodity balances with a fair value of \$1,224,752 have been segregated under the CEA and represent funds deposited by customers and funds accruing to customers as a result of trades or contracts.

As of June 30, 2016, the Company made a secured amount computation related to Regulation 30.7 and was required to maintain a balance of \$26,101 in this account. The total amount segregated was \$46,547, which consisted of secured cash of \$20,441, deposits at clearing organizations of \$31,156 and funds and property related to customers’ regulated commodity balances with a fair value of (\$5,050). Both amounts have been segregated under the CEA and represent funds deposited by customers and funds accruing to customers as a result of trades or contracts.

As of June 30, 2016, the Company made a customer cleared swaps computation under the CEA and was required to maintain a balance of \$11,517. The total amount segregated was \$19,617 which consisted of cash of \$4,000 and funds and property related to customers' cleared swaps balances with a fair value of \$15,617 have been sequestered under the CEA and represent funds deposited by customers and funds accruing to customers as a result of trades.

14. Credit Risk and Financial Instruments with Off -Balance Sheet Risk

In the normal course of business, the Company settles securities and commodity activities with customers, brokers and dealers, commodity exchanges and affiliates. These securities transactions are on a cash or margin basis.

The Company is exposed to risk of loss on these transactions in the event the counterparty or affiliate fails to satisfy its obligations in which case the Company may be required to purchase or sell financial instruments at prevailing market prices.

The Company engages in various securities and commodity activities with a diverse group of domestic and foreign counterparties and affiliates. The Company's exposure to credit risk associated with the nonperformance of these counterparties in fulfilling their contractual obligations pursuant to these activities can be directly impacted by volatile trading markets which may impair the ability of the counterparties to satisfy their obligations to the Company.

In margin transactions, the Company extends credit to its customers and non-customers, subject to various regulatory and internal margin requirements, collateralized by cash and securities in the customers' accounts. In connection with these activities, the Company executes and clears customer and non-customer transactions involving the sale of securities not yet purchased, substantially all of which are transacted on a margin basis subject to individual exchange regulations. Such transactions may expose the Company to significant off-balance sheet risk in the event margin requirements are not sufficient to fully cover losses that customers may incur. In the event the customer fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at the prevailing market prices to fulfill the customer's obligations.

The Company seeks to control the risks associated with its customer and non-customer activities by requiring counterparties to maintain margin collateral in compliance with various regulatory and internal guidelines. The Company monitors required margin levels daily and pursuant to such guidelines, require the counterparties to deposit additional collateral or to reduce positions when necessary.

15. Fair Value Disclosures

Due to the nature of its operations, substantially all of the Company's assets are comprised of cash and securities deposited with clearing organizations or segregated under federal and other regulations, securities borrowed, receivables from customers, brokers, dealers, and clearing organizations, securities owned and securities received as collateral.

Securities deposited with clearing organizations or segregated under federal regulations, securities owned, and securities received as collateral which consists of equity securities, are carried at fair value and are classified as Level 1 under the fair value hierarchy.

BNP Paribas Prime Brokerage, Inc.
(An indirectly wholly owned subsidiary of BNP PARIBAS)
Notes to the Statement of Financial Condition (Unaudited)
As of June 30, 2016
(in thousands)

Similarly, the Company's liabilities are substantially comprised of securities loaned, payables to customers, brokers, dealers, and clearing organizations, securities sold, not yet purchased and obligation to return securities received as collateral, which consists of equity securities, are carried at fair value and are classified as Level 1 under the fair value hierarchy.

All remaining assets are short-term in nature and the carrying amounts are a reasonable estimate of fair value. All remaining liabilities are short-term in nature, excluding subordinated loans, and the carrying amounts are a reasonable estimate of fair value.

Due to the variable rate of interest charged on its subordinated loans the carrying value approximates the estimated fair value.

Assets Measured at Fair Value on a Recurring Basis as of June 30, 2016

	Level 1	Level 2	Level 3	Total
Cash deposited with clearing organizations or securities segregated under federal and other regulations				
U.S. Government securities	\$1,059,087	\$ -	\$ -	\$1,059,087
